

Job Title: Warehouse & Manufacturing Technician

Salary Range: £24-26k

Location: IKAWA Ltd, 30 Engate Street, SE13 7HA, London

With customers in over 100 countries, IKAWA has redefined how both professionals and home coffee drinkers think about roasting coffee.

IKAWA means coffee in Kirundi, which is the language of Burundi. It was from his time growing up in Burundi that our Founder, Andrew Stordy, had the idea for the IKAWA roaster.

It inspired him to create IKAWA with a mission to invent solutions to drive change in coffee, from farm to cup.

At IKAWA, we design and manufacture transformational, innovative systems to improve the quality and appreciation of coffee globally. Right now, that means two revolutionary coffee roasters for the professional and home user.

Position Overview

We are seeking a detail- oriented and proactive Manufacturing and Warehouse Technician to join our team. The ideal candidate will be responsible for assembly, calibration and testing, and packing of IKAWA products according to work instructions. Additionally, this role involves warehouse duties such as receiving, inspecting and unpacking raw materials and components. Proficiency in inventory control using Cin7 Core and administrative tasks including system maintenance and spreadsheet management are essential for success in this position.

Responsibilities

Perform assembly, calibration, testing and packing of IKAWA products following established work instructions.

Receive, inspect, and unpack raw materials and components in the warehouse.

Utilise Cin7 Core for inventory control activities, ensuring accurate tracking and reporting.

Maintain internal systems and spreadsheets to support manufacturing and warehouse operations.

Collaborate with team members to ensure efficient workflow and timely completion of tasks.

A

dhere to safety protocols and quality standards at all times.

Qualifications

High school diploma or equivalent, technical or vocational training preferred.

Prior experience in manufacturing, assembly, or warehouse operations is advantageous.

Familiarity with inventory management software, preferably Cin7 Core.

Proficiency in Microsoft Office Suite/G Suite, particularly Excel/Googlesheets, for data entry and analysis.

Strong attention to detail and accuracy in performing tasks.

Ability to work independently as well as part of a team in a fast paced environment.

Forklift licence is desirable but not required (training can be provided).

Benefits

Competitive Salary dependent on experience. Paid holidays. Opportunities for advancement and professional development.

How to Apply

Interested candidates should submit their CV and cover letter detailing their relevant experience and qualifications to peter@ikawacoffee.com.
